

**VGBA**

VIET GLOBAL BUSINESS ALLIANCE

● OFFICIAL INVITATION

Invitation to Join VGBA Alliance

Connecting global Vietnamese businesses with international companies that want to partner, invest and expand into Vietnam.

Dear Business Owners, Founders and Leaders,

As the global economy is reshaped by technology, AI and supply-chain shifts, Vietnam is becoming one of the region's most attractive destinations. The opportunity is large — but turning it into results takes a trustworthy, substantive network that connects you to the right partners.

In that spirit, we warmly invite your company to join **VGBA — Viet Global Business Alliance**: an international business alliance for Vietnamese companies worldwide and foreign companies looking to network, partner or enter the Vietnamese market. This is not a ceremonial association, but a platform designed to create real business opportunities for every member.

VGBA is more than a networking community.

VGBA aims to be a platform for substantive business connections: where companies meet the right partners, find the right opportunities, share resources and grow together in international markets.

What members get

Global partner connections

Meet Vietnamese businesses in Korea, Japan, the US, Singapore, Europe and Vietnam.

Real business matching

Connect with the right customers, distributors, suppliers, investors and strategic partners.

Gateway into Vietnam

Help international companies understand the market, find local partners and build a presence in Vietnam.

AI & Innovation Network

Join AI Transformation programs, CEO Roundtables, startup showcases and market reports.

How VGBA works

VGBA is more than events. We operate on a combined model — Community · Media · AI · Business Matching:

Community

Media

AI

Business Matching

1

Business Matching Engine

Each company creates a profile: products, services, target markets, desired partners and countries to expand into. The AI engine continuously suggests:

- ✓ Potential customers
- ✓ Suitable partners
- ✓ Matching investors
- ✓ International partnership opportunities

2

Member Referral Program

Members refer business opportunities to one another: a law firm refers clients to real estate; logistics refers clients to import-export; IT refers clients to consulting.

VGBA helps generate real revenue between members.

3

Global Business Directory

Every member has a company profile, a dedicated landing page, contact details, capabilities and flagship projects. All members can search and connect directly.

4

AI-Powered Opportunity Discovery

VGBA uses AI to monitor markets, find investment opportunities, new partners and new customers — then sends them to the right members.

5

Global Events

CEO Roundtable, Business Mixer, Startup Pitch Day, Investment Forum and AI Transformation Workshop — both online and offline.

6

Viet Global Marketplace

Where companies showcase products, find partners and distributors, and post collaboration opportunities at global scale.

Why VGBA is different

Unlike traditional models, VGBA is built as an AI-powered digital platform. Our goal isn't only to connect businesses to each other — it's to help members create real business opportunities, new customers, new partners and new revenue at global scale.

- ✗ Not just another social club.
- ✗ Not an organization built on formalities.
- ✗ Not a place where you sign up and nothing happens.

But a network that creates real business opportunities.

Who is VGBA for?

- ✓ Vietnamese businesses operating abroad that want to expand.
- ✓ Foreign companies looking to enter the Vietnamese market.
- ✓ Domestic companies seeking international partners and customers.
- ✓ Startups, investors and experts who want to connect with the ecosystem.

FOUNDING MEMBERS PROGRAM

Founding Members Program

Limited to the first 100 companies

- | | |
|------------------------------------|--|
| ✓ Founding Member Badge | ✓ Featured on the VGBA website |

| ✓ First-year membership fee waived | ✓ A seat on the Founding Members Council |

How to join

1

Register

Sign up at vietglobal.org/join or reply to this invitation.

2

Create your profile

Describe your products, services, target markets and partnership needs.

3

Start connecting

Receive AI matching suggestions and connect with the right partners.

Our vision

We aim to build a modern, credible and influential business alliance where Vietnamese companies not only connect with one another but also reach the world together. The future belongs to companies that know how to connect, share opportunities and create long-term value together.

Connect · Collaborate · Grow · Go Global

Your participation will help build a stronger, more professional and globally competitive Vietnamese business network. We look forward to accompanying your company from the very first steps.
